TOOK ILL AT A MASKED BALL | EACH HAD CHANCES TO WIN

Fourteen Members Out of Seventeen in the Company Perish -Director and Prima Donna the First Two.

[Early Dispatches.] New York, May 18 .- A dispatch to the Times from Rio Janeiro says:

One of the most disastrous accidents that ever befell an opera company was the almost complete destruction by yellow fever of an Italian opera company which gave performances recently in the city of Manor, Amazonas, and other cities in Central Brazil.

The first evidence of the dreaded dis-

ease made its appearance when several case made its appearance when several members of the company attended a masked ball to which they were invited. Upon returning from the affair, the director of the company, Signor Solnik, was taken sick and died of the fever three hours later. Shortly after the director's death, the leading prima donna, Theresa Zeicchi, developed symptoms of the fever, which frightened her into hysterics. In a paroxysm she bit her tongue through and bled to death. Twelve members of the company were then taken with the fever and died, three only surviving. Those who escaped took their departure from the country for Genoa.

Many Persons Injured-Heroic Work of Policemen and Firemen in Saving the Guests.

Chicago, May 16 .- The hotel Helene, 110 Fifty-third street, was destroyed by fire early this morning. The conflagration was very flerce, and many of the occupants were forced to jump from the windows to escape the flames. Several persons were severely injured, or two are thought to have been killed. The building is a threestory structure, containing 100 rooms, all of them being occupied. The place was closed for the night and the guests had to be aroused by the police. The fire is close to the Hyde Park police station, and every one in the station was sent to aid in rescuing the panicstricken occupants of the doomed hotel. Several policemen were more or less burned in rescuing the inmates. The fire burned so rapidly that most of the occupants were forced to climb out on the window sills, as the stairways were the window sills, as the stairways were cut off by the flames. Many of the vic-tims were forced to jump before the firemen could put up their ladders. Four chambermaids are missing, and it s supposed they perished in the flames. Among the seriously injured are:

Spokane, Wash., May 15.-Rev. J. W. Brackenburg, pastor of the Methodist church at Prosser, Wash, arrived here today with the sheriff of Yakima countoday with the sheriff of Yakima county to face his eloping wife. The woman came here with a man glying the name of Fred Dingle, and the couple were arrested on a charge of adultery, and spent last night in the county jail. The police say Dingle is Wilson, alias Geo. Brown, a well known crook, who is wanted here for holding up a citizen a few months ago.

They have a picture from the rogues' gallery from Seattle, which bears a remarkable likeness to the man who stole the preacher's wife. When Rev. Brackenburg faced his wife in Jail today she gave a cry and fainted.

Aguinaldo's letter is dated Malolos, January 17, 1832, and is addressed to Sonor Benito Le-

gardo. In it Aguinaldo says:
"I beg you to leave Manila with your family and to come here to Malolos, but not because I want to frighten you. I merely rish to warn you for your satisaction, although it is not yet the day

In his communication of transmittal, Gen. Otis says: "The letter is forwarded to meet still further the absurd charge that the American authorities in Manila inauguraled the war."

Gen, Oils also states that this letter is one of a number written by Aguinaldo to his friends in Manila, warning them to leave the city for their safety He adds that many families left the city in consequence of this warning.

Louisville. Louisville, May 15.-With John Bright at 5 to 1 in the betting winning the mile and fifty yards handicap in world's record time, and with Juanetta winning handily after being backed down from 60 to 1 to 12 to 1, there was a great deaf doing at Churchill Downs this afternoon. There was a small sized killing made on Juanetta in the fifth race. All the pikers had the tip and they got down with their twos and fives in such haste and so plentifully that the 60 to 1 chalked up at the opening was quickly lowered to 30 and that the 60 to I chalked up at the opening was quickly lowered to 30 and finally to 12. The mare justified the confidence of her backers by winning handly in 1:144. There was a cheer that nearly took the roof off the grand stand when it was seen that she would win. It is said the tip was sent out to every pool room in the country.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it.

is serious and far-reaching in its results The foul secretions entering the circulation poison the entire system. The stomach, kidneys - in fact all the organs - feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft hones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disap-pointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease. S. S. S cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and outs new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations

Mrs. Josephine Polhill, of Due West, S. C., writes: "I had Catarth, which became no deep-scated that I was entirely deaf in one car, and all inside of my nose, including part of the hone, stoughed off. When the disease had gone this far the physician gave me up as incurable. I determined that y S. S. as a last resort, and began to improve at once. It seemed to get at the scat of the disease, and after a few weeks' treatment I was entirely cured, and for more than "veen years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonical and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

The large crowd which gathered at the Webster school last evening was delightfully entertained, and were thoroughly satisfied with the time spent at the school. Preparations for the entertainment have been energetically pushed for some time, and the artful decorations indicated that considerable time and pains had been employed.
